

Our theme verse, Acts 1:8 says, “You will receive ‘power’ when the Holy Spirit comes upon you, and you will be My witnesses...” In other words, God gave us His power for a reason...to tell others about it. The “how to” can sometimes be difficult, but I believe our strategy will help...check it out!

Qair up and build an integrity friendship

You'll notice the “P” in our logo is facing the opposite direction...that's on purpose. Our ministry is all about going outside of the group and finding friends who need the good news of Jesus.

Open up and share your story

We all have a story. God wants us to share that story with our friends so they will know God works in and through people just like them to accomplish His purposes in this world.

With them, attend a ministry event

Not only do we meet on Wednesdays and Sundays, but we also have a calendar filled with events designed to be used by students to deepen their current relationships, develop new ones, have fun, and provide opportunities to invite others to “check out” this whole “Christian” thing.

Encourage them to cross the line of faith

We want students to have a real, personal relationship with God. So whether its in conversation, part of an event, or just while handing out, our students encourage their friends to cross the line of faith and ask Jesus to be the Forgiver and Leader of their lives.

Recharge weekly Downtown

Living a life for God can be hard at times, and anyone who tells you differently is not being honest with you. So right in the middle of the week we have a time for you to “recharge” your spiritual batteries. With student-led worship music, some friendly competitions, and practical teaching, this hour is designed to get you through the week.

Unite with a Power Pack

Power Packs are student Life Groups. Life Groups are small groups (usually between 8-10 max.) of Middle and High School groups that meet each Sunday morning, share life experience, pray for each other, and discuss the Bible in a way that will help it make sense and become useful in your everyday life.

Participate in ministry

It is the goal of our student ministry that everyone gets involved in doing “ministry”. Ministry is simply living for God, helping others, and sharing the good news about Jesus.

There you have it! PowerUp student ministry's strategy. Join us and let's see what God can do through a group of students who strive to share the life transforming “power” of Jesus with others.
